

### **Monday 26 September 2016**

Nettleden entering: 8  
Nettleden leaving: 3

Ringshall entering: 5  
Ringshall leaving: 9

Hudnall entering: 4  
Hudnall leaving: 4

Total entering: 17  
Total leaving: 16

### **Thursday 29 September 2016**

Nettleden entering: 5  
Nettleden leaving: 5

Ringshall entering; 18  
Ringshall leaving: 18

Hudnall entering: 6  
Hudnall leaving: 4

Total entering: 29  
Total leaving: 27

Discrepancy in totals entering and leaving could be attributable to exits via Ashridge.  
The high numbers at Ringshall on Thursday were attributable in part to the same delivery lorry entering and leaving twice within a short space of time as it was clearly lost!  
The Ringshall figures suggest that the HGVs entering there were delivering within the village (or Ashridge) and leaving again via Ringshall rather than being through traffic.

A very valuable exercise, and information I am pleased to have ready for comparison following the Water End bridge HGV ban in the Spring. We will have to repeat the whole thing in April/May.
